Elevator Pitch
StudySmart AI helps students learn smarter by turning their deadlines into personalized study plans, explaining tough topics step by step, and generating practice quizzes from their own notes.

App Description
StudySmart AI is the all-in-one study app that organizes your homework, builds your study schedule, and explains tough topics step by step. Turn your own notes into flashcards and practice quizzes so you're ready for every test. Built with age-appropriate safeguards and strong privacy protections, it's made for middle school, high school, and college students.

Five Benefits

- **Stay organized:** See every assignment, test, and deadline in one place
- **Understand difficult subjects:** Clear, simple, step-by-step explanations
- **Study more effectively:** Quizzes and flashcards built from your own notes show you exactly what to review.
- **Manage your time:** A personalized study plan tells you what to work on first and helps you avoid last-minute cramming.
- **Feel confident:** Practice what you've learned and walk into every test prepared.
